

**5**  
GRATING  
OPTIONS

VIP<sup>20</sup> - VERSATILE

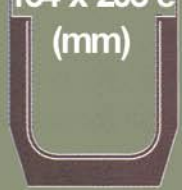

ONE drainage system with 15 options

- Easy to maintain.
- Quick and easy to install.
- 3 channel depth options, see below.
- Unobstructed channel cross section.
- Ideal merchant stock product as one channel can be stocked along with an extensive range of gratings, see opposite.
- Tongue and groove connection for a professional installation.
- HD-PE grate / channel can be cut with general purpose saw.
- Light but incredibly tough means no problems in transportation or storage and of course no breakages.
- Temperature tolerant HD-PE maintains the same characteristics of strength and elasticity from -50°C to +100°C.

## OPTION 1 - choose one of the three depths of channel

100 x 151 i  
154 x 205 e  
(mm)

### 151mm Deep (internal)

VIP<sup>20</sup> HDPE drainage channel

i = internal

e = external

1000mm long

Channel weight = 2.5kg

100 x 74 i  
154 x 128 e  
(mm)

### 74mm Deep (internal)

VIP<sup>20</sup> HDPE drainage channel

i = internal

e = external

1000mm long

Channel weight = 1.9kg

100 x 40 i  
154 x 94 e  
(mm)

### 40mm Deep (internal)

VIP<sup>20</sup> HDPE drainage channel

i = internal

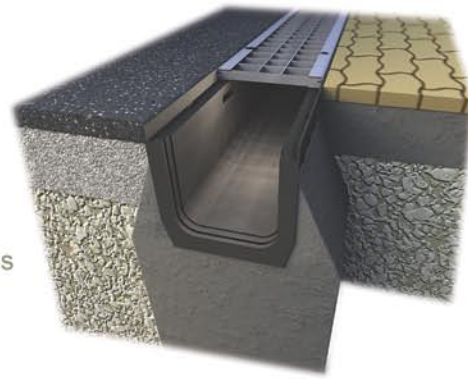

e = external

1000mm long

Channel weight = 1.6kg

## OPTION 2 - choose one of five gratings

**A15**  
15kN  
EN 1433

Slotted galvanised steel grating 1000mm long  
Traditional choice for gardens & pedestrian areas

**DRIVEWAY**  
125kN  
EN 1433

Mesh style HDPE grating 500mm long  
Fantastic for driveways & pedestrian areas

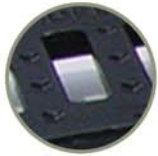

**C250**  
**SAFE-SLOT**  
250kN EN 1433

Pedestrian freindly slots  
ductile iron grating 500mm long  
Ideal for pedestrian areas, town centres & car parks

**C250**  
250kN  
EN 1433

Slotted ductile iron grating 500mm long  
For use in car parks

**D400**  
400kN

Slotted ductile iron grating 500mm long  
Ideal for car parks & industrial areas  
where slow moving heavy vehicles operate.

### Product Code

### CHANNEL SIZES

V20-151	151mm deep 1000mm long HDPE channel
V20-74	74mm deep 1000mm long HDPE channel
V20-40	40mm deep 100mm long HDPE channel

### GRATING OPTIONS

V20-CG	Pedestrian duty 1000mm long galvanised steel grate
V20-3HG	Driveway duty 500mm long HDPE mesh grate
V20-SAFE	SAFE-SLOT C250 duty 500mm long ductile iron grate
V20-6DG	C250 duty 500mm long ductile iron grate
v20-7DG	D400 duty 500mm long ductile iron grate

### Accessories

V20-SUMP	500mm long x 427mm high HDPE sump box
END10-151	151mm deep end cap
END10-74	74mm deep end cap
END10-40	40mm deep end cap
OUT10-151	151mm deep end cap outlet
OUT 10-74	74mm deep end cap outlet
E10G-TIE	Galvanised steel tie rods & screws for locking
E10D-TIE	Ductile iron tie rods & screws for locking
